01

WHO WE ARE

▲ ABOUT THE COMPANY

Al Hussein Construction Ltd holds a premiere rank as a builder in Tanzania. Founded in 1990 and with head office in Dar e Salaam, Tanzania, the company has earned recognition for undertaking, executing and completing several residential and commercial projects throughout the country.

▲ OUR WORK

Well-planned and competent design coupled with quality construction has allowed Al Hussein Construction to specialize in large scale, complex projects. Our dedicated teams are capable of building the finest structures. Having done multi-storey buildings in Dar es Salaam, Tanga, Iringa, Morogoro, Bagamoyo, Ruvuma and other regions in Tanzania. With in-house carpentry, joinery, metal and welding workshops, AHC is fully equipped to take on projects of any size.

02

HEALTH & SAFETY

OVERVIEW

The Tanzanian Construction Industry faces many obstacles with regards to safety of our staff. Our workers deal with harsh situations in dangerous environments. Al Hussein Construction places great importance on its employee's health and safety by implementing appropriate measures and standards.

EMPLOYEE TRAINING

AHC's workers have been trained in health and safety by the Engineering Construction Industry Training Board (ECITB). We tailor safety policies for each project and ensure that all of our departments follow the operating safety standards in building, civil, mechanical, electrical engineering and other areas. Providing a healthy and hazard-free work space will always be Al Hussein Construction's priority.

RECOGNITION

In recognition of displaying extraordinary commitment to Health and Safety, Al Hussein Construction was awarded the Golden Hard Hat award by British Gas for works performed of Mtwara Pria Hotel Tanzania in January 2016.

03

COMPANY AWARDS

OVERVIEW

Al Hussein Construction Ltd was honored to receive the prestigious "Tanzania Top 100 Mid-Sized Companies" Award. This annual award is given by the Citizen and KPMG to highlight Tanzania's successfully growing entrepreneurs. We were recognized for ranking high in terms of revenue growth, cash generation and return to shareholders, as well as establishing ourselves in the construction industry.

▲ AHC MISSION

Our mission is to deliver quality construction projects that transform properties into iconic and functional spaces that meet the needs of our clients.

▲ AHC VISION

We envision achieving quality and consistency matching that of world-class construction firms, while provide continuous, reliable, and trustworthy support throughout all our projects. To be Tanzania's to go firm when quality of the construction is priority.

07

COMMERCIAL WORKS

OVERVIEW

Businesses productivity is largely influenced by the comfort and usability of their offices and workspace. As the Tanzanian economy is experiencing a boost, the commercial market is growing and clients are looking for more creative, sustainable and interactive structures. Al Hussein Construction has the skills to overcome challenging scenarios and work on ground level with clients to achieve desired construction.

PROJECT

CERAMIC ESPANOLA SHOWROOM

08 MALLS & SHOPPING COMPLEX

PROJECT

MLIMANI CITY UPGRADES

The old monolithic mall designs are no longer attractive to shoppers. AHC uses the latest construction techniques to develop centres that incorporate tech, yet maintain an interactive and friendly environment.

We have technical expertise in erecting highrise shopping buildings that include food courts, recreational areas, shops, offices and much more. The quality of construction will never be compromised.

09

SPORTS CENTER & ATHLETICS

PROJECT

INTERNATIONAL SCHOOL OF TANGANIK

Sports complexes are becoming popular in Tanzania as more people are focusing on fitness. Our aim is to create spaces that cater for every individual's needs and provide the highest quality of finishes. AHC specializes in constructing swimming pools, race courses, gym, tennis courts and other arenas.

10

SCHOOLS & COLLEGES

▲ PROJECT INTERNATIONAL SCHOOL OF TANGANIKA

Al Hussein Construction also holds school designing, construction and renovation experience. Classrooms, lounges, play area, cafeteria and other parts of a school are created to cater for the needs of students and teachers. Our construction plan focuses on children friendly and creative structures.

11 HOTEL & RESORT

PROJECT

UNGUJA BEACH RESORT & SPAL OF TANGANIKA

AHC have fully mobilized to be the Island of Zanzibar. We undertake large scale hotel projects with ease and efficiency in the tough Island of Zanzibar.

12

HOSPITAL & CLINICS

OVERVIEW

Hospital construction needs specialty skills and attention. AHC has experience with the needs of the medical industry with regards to specific cooling, gas supply, electrical requirements and space constraints.
